What is eeds™

eeds is an internet-based service that automatically tracks and organizes your CE attendance data. Instead of signing in at an event, just “swipe-in” using your eeds swipe card. Your transcripts and attendance certificates will then be available on-line for you.

FAQ

Q: I have an eeds swipe card, does that mean I have a subscription?
A: No, it is possible to have an eeds swipe card but not have a subscription. To see your subscription status, login to your account at www.eeds.com.

Q: I’m a radiologist and I would like to transfer credits that I have in eeds to CMEGateway.org. Is that possible?
A: Yes! eeds has partnered with CMEGateway.org so that you can transfer all your credits from eeds to the gateway. All you need is an active one or two year eeds subscription.

Q: What happens if I lose my swipe card?
A: You can order a replacement swipe card by logging into your eeds account. Replacement swipe cards cost $5 plus shipping/handling.

Q: What can I do if I have any problems with my eeds account?
A: Contact eeds support at support@eeds.com or by calling 828-252-0233.

Healthcare Professionals
How do I get my transcripts and certificates?
To get your transcripts and certificates, just visit www.eeds.com and click the “Login” link. You’ll be asked for your eeds PIN which is printed on the front of your swipe card.

How much does it cost?
There is no cost to use your eeds card at activities. If an eeds swipe terminal is available, feel free to swipe-in. There is also no charge to use eeds to document self-reported activities. We also offer one single-event certificate per day at no charge, so if you attend an event on Monday you can login on Tuesday and get an attendance certificate for it.

If you want to get an annual transcript then you will have to have an eeds subscription. Many organizations cover the subscription fee for their physicians, however, if your organization does not then you may want to purchase one yourself.

For individuals, we offer three levels of eeds subscriptions:
1. One-Day Subscription: $19.99
2. One-Year Subscription: $39.99
3. Two-Year Subscription: $74.99

How can this help me?

1. TRANSCRIPTS AND CERTIFICATES
Your CE attendance information is now available online to you 24/7. You no longer have to keep paper certificates around or wonder how many credits you have for the year. Just login to www.eeds.com and it’s all there!

2. SELF-REPORTED ATTENDANCE
You can use eeds to document events that are not sponsor-reported such as Journal Clubs and teaching. You can also record events that you attend that don’t use the eeds system. Then when you generate your annual transcript, it’ll show all the events that you swiped into as well as any self-reported activities.

3. MOBILE-FRIENDLY
Use the free eeds iPhone app to have instant access to your CME records. You can even use the app to take a picture of certificates that you earn from outside events so they’ll be stored in your account. Android and Windows Phone users can also access our mobile-friendly website to get everything they need.

4. ONLINE ACTIVITY CALENDAR
eeds also helps medical professionals stay up-to-date with an online calendar. The online calendar is searchable by multiple criteria, allowing members to quickly find a conference that will help meet their needs.

5. TRACK CME REQUIREMENTS/GOALS
eeds can help you stay on top of your CME requirements. You can create CME goals for individual States or medical societies. As you earn credits, eeds will apply them to the relevant goals and let you know how you’re doing. Many physicians use eeds to track their MOC requirements.
