Description: Join us to hear the newest research, trends and thinking about Professional Identity in Nursing. Sponsored by the International Society for Professional Identity in Nursing (ISPIN), this day and a half virtual/in-person conference welcomes US and international participants to learn and engage with the Professional Identity in Nursing initiative. See agenda for details.

Objectives:
By the end of the symposium, participants will be able to:

- Define and describe professional identity in nursing in a way that unifies the profession and message to stakeholders.
- Apply definitions and concepts of professional identity in nursing to their work setting.
- Discuss the state of the science of professional identity in nursing.
- Describe the conceptual model of professional identity in nursing.
- Devise strategies for incorporation of professional identity in nursing into their work setting.
