

# Professional Identity in Nursing Virtual Forum 2020!

September 9-10, 2020

Day 1

**University of Kansas School of Nursing**  
Hosted by Thought Leader Dr. Nelda Godfrey

# Professional Identity in Nursing Virtual Forum 2020!

## Objectives

- Describe the state of the science of *professional identity in nursing*
- Identify the overall definition, the four domains and corresponding key elements of professional identity in nursing: values and ethics, knowledge, leadership and professional comportment.
- Discuss how *professional identity in nursing* is being used to build new knowledge and new language within the discipline.
- Apply an understanding of the definitions, domains, key elements and exemplars within nursing education, regulation and practice.
- Co-create toolkit materials for incorporating the domains, definitions, key elements and exemplars of professional identity in nursing for nurses in education, regulation and practice settings.
